 Welcome to Wagyu365.com - your one-stop source for all things Wagyu. The "One" place any enthusiast, breeder, or potential buyer can visit to witness the demand for Akaushi and Wagyu breeding made. This real time, all-inclusive web community has a single purpose - spread the positive message of the Wagyu breed. We encourage you to visit often and become engaged as we showcase the breed and its impact on the industry.

Dear Akaushi Enthusiasts,

It is with great pride and pleasure that Wagyu365 welcomes you to the Wagyu and Akaushi "Vegas On The Stripe" Sale. The team members of Wagyu365 have worked closely with the select few Akaushi breeders in solidifying their entries for this unique sale. We couldn't be more pleased with the amount of interest in the promotion and the betterment of the Akaush breed. As you review the sale catalog, you will find some of the finest registered Akaushi cattle available for sale. These breeders have worked hard to showcase their genetics to the highest level to highlight in this sale. The consignors have outlined their thoughts on each of their lots and we look forward to showcasing them in the sale. Make plans to join us for this special sale event on of December 4th. We start the day at 8:30 a.m thru 12:30 p.m. with a strong list of Industry speakers which are highlighted in this sales catalog. We will then have a social hour at 2:30 p.m. with the sale starting at 3 p.m. We are in the hopes you can attend the sale in person, but if you are unable we urge you to log onto www.liveauctions.tv to participate. If you have any questions in regard to the sale, please feel free to contact me or any of my team members at Wagyu365. We look forward to hosting one of the most premier Akaushi events to ever happen!

Best Regards,

Randall O. Ratliff

- The value of a pedigree such as this female holds unmeasurable value in mating versatility among the Akaushi Breed. This surefooted, big bodied heifer has the right kind of build to last while still uniquely combining the stoutness needed to land her in the donor pen. With the influential Rueshaw on the topside the female who already charts top 15 percentile in marbling should easily pass her grandsires well-known marbling ability on to her progeny. Add that with her Tamamaru blood from elite Dam ,4817B, plus through the roof Milk EPDs and you've got a female that screams cow power. Bid fast and often on a female that's got all the right pieces.

- HeartBrand is excited to offer a female of this quality that combines tons of maternal function with extra structural width and body. This Rueshaw granddaughter comes with a pedigree packed full of potential that should allow for tons of mating capabilities. From the elite Akkiko daughter ,HeartBrand Nikki S1029P, on the topside and 8479W on the bottom, you should expect maternal traits as well as carcass benefits to be high. Not to mention, this sound structured, feminine featured heifer charts in the top 10 percentile in Milk which only adds value to this already top notch Akaushi brood cow prospect. Bid with confidence on a female worth building a program around.

- Here's a chance at an extremely high quality Rueshaw granddaughter that comes with tons of visual growth and performance. This 2541A daughter is one long made, bold body heifer whose growth in the pen is unmatched and we love the fact that with all that cow power she's still a long striding female who meets her track on the go. Combine all this in with her pedigree and we feel this female's genetic mating potential with the Rueshaw carcass benefits and the added cow power from the high growth 4860B are next level. Bid with confidence on versatile long term brood cow.

- Check out this extra maternal deep bodied daughter out of the famous Rhubarb 2142A. We love the extra moderation and depth of rib and flank that this female offers especially when it comes on a set of feet and legs that work as good as hers. When this square footed female is put into motion she goes with such flex and comfort out of rear hock and pastures that suggest she should be a long term cow prospect. With her elite bloodline from Rhubarb himself to the extremely impressive maternal lines such as H0518E & Big Al we'd expect this cow's maternal function to be second to none and allow breeders to build around a foundation of excellence.
