Hard Work, Good Friends, Great Beef

HOW IT STARTED

2018

Just An Idea

In 2018 we sat around a campfire in Gatesville, Texas, and asked, how can we share moments like this with everyone? Ranching is in our blood, so we hit the drawing board and started talking about how we could disrupt an industry that has long left quality and honesty in the dust. We knew we were going up against a challenge, but that excited us even more.

2019

Everything Is Better In Texas

We know one thing that brings together family and friends universally is great food, and being from Texas, that means one thing to us: BBQ. It wasn't long after that Iron Table Wagyu was born. We realized we could bring something to the market that would far exceed the quality of anything else available, and we wanted to do it right here in the heart of Texas.

2020

No Shortcuts

We put our heads together, and pulled ourselves up by the bootstraps. Iron Table Wagyu started as a humble ambition with a big goal. "Farm Raised", and "Farm to Table" have never been just marketing phrases to us. We began breeding our first 100% Full Blood Wagyu cattle, DNA certified to Japan in 2019, and by 2020 we were solidifying our genetics to bring you an experience like no other.

Today

We Have Arrived

After a years-long process of perfecting genetics, our distribution, our brand and our mission, we have arrived. We would not be here today without each and every one of you, and we are so excited to share what we have been working towards with you. At Iron Table Wagyu, we have an immense level of pride in the Wagyu beef we produce, as well as the thoughtful animal husbandry required to cultivate our cattle's premier genetics. From our farm to your plate, Iron Table - A Different Breed.

SALE ORDER & SUPPLEMENTAL INFORMATION

Lots sell in catalog order. A supplement sheet will be available on sale day with updated information. Announcements from the auction block will take precedence over printed material.

All Videos will be available on Live Auctions.TV

CARCASS PHOTOS

All carcasses imaged with the MIJ camera between the 12th and 13th rib.

LIABILITY

All persons who attend the sale and related functions do so at their own risk, legal or otherwise, for their safety or for the behavior of the animals. The owners, sale management, and the sale staff assume no liability for property loss, injury, or an accident that may occur.

REGISTRATIONS & TRANSFERS

All cattle are registered with the Australian Wagyu Association. ITW will assist in getting lots registered in the American Wagyu Association if the buyer desires.

TRUCKING TRANSPORTATION

To coordinate trucking needs, please contact Randy Lathrop, 847.910.4673 and/or your preferred trucking company.

Shipping expenses of any and all live animals will be the buyer's responsibility - seller and buyer will work together to establish all shipping arrangements. All lots become the buyer's risk once purchased. After purchase, all costs are the buyer's responsibility.

INSURANCE

If you would like to purchase insurance, please contact James Bessler Insurance, 815.762.2641

INTERNATIONAL BUYERS

ITW will complete necessary testing at the buyers expense. ITW will not be able to guarantee that animals will pass testing for export.

GENETIC CONDITION STATEMENT

All cattle will sell free of genetic defects for any tested traits unless otherwise stated on the lot page. Please also reference Australian website.

SEMEN

Semen selling is not eligible for Export.

ITW retains the right to collect 100 units of semen, for their own in herd use only, at their expense and the buyer's convenience.

HERD HEALTH STATEMENT

- All Sale Cattle have been vaccinated with Bovi-Shield Gold One Shot, UltraBac 8, Vira Shield 6+L5
- All Sale Cattle have been treated with Cydectin Pour On, Ivermectin Plus and Cylence Fly Control
- All Heifers 6 months or older will be Brucellosis Vaccinated
- All Bulls have passed a Breeding Soundness Exam and will be Trich Tested
- ITW works with Dr. Matthew Wright, Belton Veterinary Clinic, consults with ITW on all herd health protocols

LIVEAUCTION.TV

If you have any questions in signing up for the sale, please contact representative Erick Schmidt, 830.263.0166 or email Erick@liveauctions.tv.

1. CREATE AN ACCOUNT ...

- Click “Register to Bid” on the top right corner of LiveAuctions.tv.
- Fill out the required information to bid online.
- Agree to the terms of service and finish with the “register” button.

2. REGISTER FOR A BUYER NUMBER ...

- From the home page or the “all auctions” page, choose the sale you’re interested in.
- Once selected, click the “request a buyer number” button.
- Verify your email address with the email verification link. To verify your mobile number, click “send token.” Follow the steps to authorize your mobile device and click “submit.”

3. BID SUCCESSFULLY ...

- You will only have to complete the two-step verification process one time. After that, you will be able to immediately request a buyer number on any auction without verification. If you’re a winning bidder, your lots will appear in your cart on the bottom of your screen. You will be contacted by the ranch or sale manager for your payment and shipping plans.

PAYMENT

All lots must be paid for immediately following the conclusion of the ITW The Standard Sale. Both IN PERSON and ONLINE buyers are welcome to pay by cash, check, credit card (you will be charged a 3% fee on the total sum of your purchase), or wire.

PAYMENT INFORMATION FOR ALL BUYERS

- CASH
- CREDIT CARD (3% fee will be added) - please call Abby at 919.618.8098 to run your card information or request a quickbooks invoice to enter your information manually
- CHECK PAYMENT - please send with a tracking # to our Nashville office, PO Box 60097 Nashville, TN 37206
- BANK WIRE - wiring instructions will be available at the check out desk, or if you are an online buyer, these instructions will be send with your invoice.

IN PERSON BUYER INFORMATION

If you are a WINNING BIDDER, please follow these closeout steps:

- 1.) Visit the clerking table to get a printed copy of your invoice and receive all payment options and instructions. You cannot load out or set up trucking until you have been provided a copy of this invoice.
- 2.) Payment options—please let our clerking table know how you plan to pay for your purchase
- 3.) Collect heath papers on the live animals you purchased
- 4.) All buyers are responsible for setting up trucking arrangements or organizing pick up details with Iron Table Wagyu.

ONLINE BUYER INFORMATION

If you are an ONLINE WINNING BIDDER, please follow these closeout steps:

- 1.) You will receive a buyer invoice via email with payment options and instructions.
- 2.) Once you receive your invoice (check your spam), please send a text or email to confirm receipt with your name, invoice number, and your preferred method of payment to: Abby Hinton 919.618.8098, abby@wagyu365.com
- 3.) Once received, a member our Wagyu365 team will contact you if needed for payment assistance (applies to credit card or quickbooks payment links)
- 4.) All buyers are responsible for setting up trucking arrangements or organizing pick up details with Iron Table Wagyu.

MANAGEMENT

Auction money and proceeds will be conducted under Randall O. Ratliff, DBA R & R Marketing,
P.O. Box 60097, Nashville, TN 37206.

Bond # 7901027402

(U.S. Department of Agriculture, Grain Inspection, Packers and Stockyards Administration Packers & Stockyards Program).

Dear Valued Guests,

We are thrilled to welcome you to “The Standard”, the inaugural Iron Table Wagyu Genetics Sale! It is an honor to host this exceptional event and to share our passion for Wagyu cattle with you.

At Iron Table, we believe that genetics are the cornerstone of producing the finest Wagyu beef. Our carefully curated selection showcases some of the most sought-after bloodlines, each representing years of dedication, innovation, and a commitment to excellence. Whether you are a seasoned breeder or new to the world of Wagyu, we are excited to help you discover the potential of these extraordinary animals.

Over the past six years we have focused on creating cattle that combine superior phenotype, deep maternal pedigrees, and proven carcass data. We believe it takes a high-pressure, multi-trait selection approach to achieve the complete combination animal the Wagyu breed requires.

Throughout this sale, you will have the opportunity to engage with our knowledgeable team who are eager to provide insights and answer any questions you may have. We encourage you to take your time, explore our offerings, and connect with fellow enthusiasts who share your passion for superior genetics.

As you browse our offering, remember that each animal has a story to tell, a lineage rich in quality and data. Our goal is to assist you in making informed decisions that will elevate your breeding program and contribute to the ever-growing appreciation for Wagyu beef.

Thank you for joining us today. We hope you find this experience inspiring and fruitful. Together, let’s celebrate the remarkable journey of Wagyu genetics!

Warm regards,
Iron Table Wagyu Team

IRON

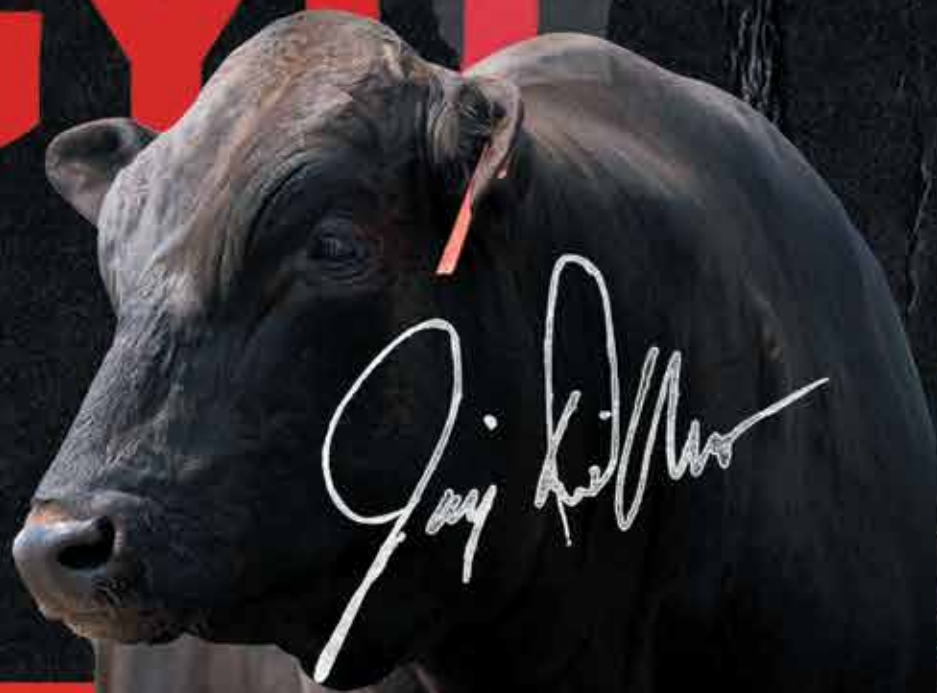

TABLE

WAGYU

This December, Iron Table Wagyu is opening an unprecedented chapter with "The Standard" Live Sale Event, where guests will gain exclusive, first-ever access to Iron Table's meticulously bred, DNA-verified Wagyu genetics. It's a historic moment for the brand, as it brings the very foundation of their prized Wagyu bloodlines to the market, allowing breeders and enthusiasts the opportunity to carry forward the legacy of world-class quality that Iron Table is known for. This release is a rare opportunity to become part of a lineage marked by extraordinary marbling, flavor, and consistency that has captivated Michelin-star chefs and culinary experts across the U.S.

In 2018, around a campfire in Gatesville, Texas, a group of friends envisioned a new standard in beef excellence. This vision led to the establishment of Iron Table Wagyu, a program committed to producing 100% Full-Blood Japanese Black Wagyu cattle, with DNA verified lineage tracing back to Japan.

By 2019, Iron Table Wagyu began breeding these exceptional cattle, emphasizing meticulous animal husbandry and superior genetics, along with a focus on strict documentation. Iron Table's dedication to quality in a market where many ranchers are defaulting to F1 and cross breeding, has resulted in beef renowned for its unparalleled marbling and flavor, earning acclaim from Michelin-starred chefs and culinary experts nationwide.

ESTD 2018
PREMIUM
WAGYU

Now, after years of refining their breeding program and collecting extensive data from hundreds of carcasses, Iron Table Wagyu is poised to release their premier genetics to the public. On December 14, 2024, they will host "The Standard" Live Sale Event, offering an exclusive opportunity to acquire some of the highest-end Wagyu genetics available worldwide.

For those looking to experience Iron Table's exceptional products, customers can order directly from the Iron Table website. With a range of offerings from premium cuts to curated gift sets, the website provides an accessible way to enjoy the rich, tender flavors of Iron Table Wagyu at home.

Dear Wagyu Enthusiasts,

It is with great pride and pleasure that all of us at Wagyu365 welcome you to the Iron Table Wagyu **“The Standard”** Sale. We along with the ITW team welcomes everyone to their Ranch to partake in what is destined to be a grand event. We are offering for your appraisal 118 Registered Black Wagyu lots that have been genetically engineered to be the best possible. The most suited phrase the describes this sale offering is **“When Phenotype MEATS Predictability.”**

The ITW team have been going strong since the inception of ITW over six years ago. It is important to note that there have been no females sold out of this herd except for meat purposes from the beginning. With that said the sale offering is from the heart of the herd and are only the finest they have to offer. You will discover Registered Black Wagyu that blend the best of strong and predictable EBV’s with current pedigrees and a conformation that is as good as you would ever want.

The Iron Table Wagyu branded beef program is highly recognized in the marketplace and rightfully so. Their ITW beef is served in several elite restaurants throughout Texas and is very sought after. Throughout the sale catalog you will see meat pictures that are shown as a reference to the genetic lots we are offering. It is nothing but impressive to say the least.

Team Members Jim, Jad and Will have been nothing but the utmost professionals regarding the handling of this sale and all the information. We know they are going to greet anyone in attendance with gratitude and appreciation as they are more than pleased to welcome everyone to this special sales event.

The team at Wagyu365 are pleased to be branding and marketing this unique and special event and are so looking forward to seeing so many that have said they will be in attendance. We know you will be very impressed with the sale offering that is listed in this catalog. They are hand selected from the heart of the ITW herd and will bring attention to all the things that are great about Wagyu!

Please let any of us know if you have any questions and thanks for the interest you have showed in the sale.

Best regards,

Randall O. Ratliff, Wagyu365 team member

P.S. To schedule viewing of the sale cattle prior to the sale please contact Will via phone, text or email.

AUSTRALIAN WAGYU GENETIC ANALYSIS

Wagyu BREEDPLAN is the genetic evaluation program implemented by the Australian Wagyu Association, which uses Best Linear Unbiased Prediction (BLUP) technology to produce Estimated Breeding Values (EBVs) of performance and pedigree recorded cattle for a range of economically important production traits (e.g. weight, carcass, fertility). More than 600 scientific publications have been produced describing BREEDPLAN and its implementation for driving genetic progress across cattle breeds.

Wagyu BREEDPLAN includes pedigree, performance and genomic information from the Australian Wagyu Association's database, which is the largest globally available Japanese Black database used for the evaluation of the genetic merit of Wagyu cattle. The Wagyu BREEDPLAN analysis provides the most thorough and accurate assessment of fullblood Wagyu genetics available outside Japan. The analysis includes over 300,000 registered Wagyu animals. Phenotypic records include 70,000 animals with birth weights, 77,000 with weaning (200-Day) weights and 52,000 with 400-Day weights. Carcass data includes 34,000 carcass weights, 28,000 carcass EMAs and a total of 33,000 carcass AUS-Meat marble scores, camera marbling percent and camera fineness index measures.

ESTIMATED BREEDING VALUES (EBVS)

An animal's breeding value is its genetic merit, half of which will be passed on to its progeny. While we will never know the exact breeding value, it is possible to make good estimates based on the performance of the animal and its progeny. These are called Estimated Breeding Values (EBVs) and these are the best estimate of an animal's genetic merit. Estimated Breeding Values for an animal may change as additional performance data or genotype information is provided for that animal or animals within that animal's pedigree.

Estimated Breeding Values for an animal may change as additional performance data or genotype information is provided for that animal or animals within that animal's pedigree. It is not unusual for EBVs to change, particularly where the EBVs are low accuracy (<50%). For hard to measure, or traits that can only be measured late in life, such as carcass and meat quality traits, EBVs provide the best estimate of an individual's genetic merit early in life to help inform management decisions.

Submission of performance data can have a large bearing on the estimate of an animal's genetic merit over its life and this will impact the genetic merit of the animal's progeny. As the accuracy of an EBV improves over time (along with more data and genotype information), EBV values will be more constant.

All EBVs and selection index values listed in this catalog are current as of the Wagyu Breed Plan November 2024 - Run 1. On November 14, 2024 the Australian Wagyu Association introduced changes to their selection indexes. Due to the timing of these changes and the production timeline of this catalog we were not able to reflect these changes in the catalog. Updated EBV and Selection Index values will be available on sale day or you can request updated values by contacting Iron Table Wagyu Directly.

- Full sib to dam 31% DMP carcass
- In ITW herd 216Z ranks #4 for Marble Fineness

The beginning of something great!

WE'RE JUST GETTING STARTED

At Iron Table, we have a vision to go big or die trying. Our mission is to bring our product to every table we can, and showcase what true craftsmanship in the world of natural, premium beef looks like. We want to make this experience accessible to as many people as we can and become a household name, one steak at a time.

IRON TABLE WAGYU THE GODFATHER 0016H
