1. CALL US IN ADVANCE

This old-school way is still alive and well at J&H Livestock. When your schedule or travel plans make it impossible to join us, please take a quick moment and give us a call: Anthony Zollinger (916.715.2113) or call any of the folks listed on sale day contacts or sale management. We are all here to help you. We can visit about the cattle that interest you and, if you'd like, we can even offer an opinion. In other words, please share with us what you would like to do and we will arrange it per your instructions. We will make it simple to accept your max bid on lots you are interested in buying.

2. REAL-TIME PHONE BIDS

Not quite as old-school as calling us in advance of sale day but still a tried and true method of buying cattle, particularly if you don't have reliable high-speed internet. You may call LiveAg at 817.533.6699 or any of the sale day phones.

3. ONLINE BIDS

Technology does have its advantages and it's pretty cool. We aim to be on the cutting edge of all technology, allowing us to better serve you. If you have high-speed internet, may we suggest the online bidding platforms of <https://bid.live-ag.com/>.

4. LARGE SELECTION

The J&H Livestock program has a large offering of cattle in the United States. This means high-quality red wagyu genetics will be available in volume at every price range.

5. CONVENIENCE FEE

J&H Livestock will be charging a 3% Convenience Fee for any credit/debit card transactions for cattle and/or genetics.

Dear Red Wagyu Enthusiasts,

It is with great pride and pleasure that all of us at Wagyu365 welcome you to the J&H Livestock “The Discovery Sale”.

We along with the J&H Livestock owners, Greg and Ronda Jagers, welcome everyone to partake in what is destined to be a grand event. We are offering for your appraisal 169 lots selling as 121 Registered Red Wagyu and a select few Akaushi. They have been genetically engineered to be the best possible. The quality in phenotype and breed-leading pedigrees are prevalent throughout this sale offering.

The J&H Livestock program has been going strong since the inception and they are more than excited about continuing the tradition of raising only the finest.

It is important to note that the genetics being offered are from the heart of the herd and are only the finest they have to offer. You will discover pedigrees and a conformation that is as good as you would ever want throughout the sale offering!

The J&H Livestock branded beef program is highly recognized in the marketplace and rightfully so. Their J&H beef is served in several elite restaurants and is very sought after.

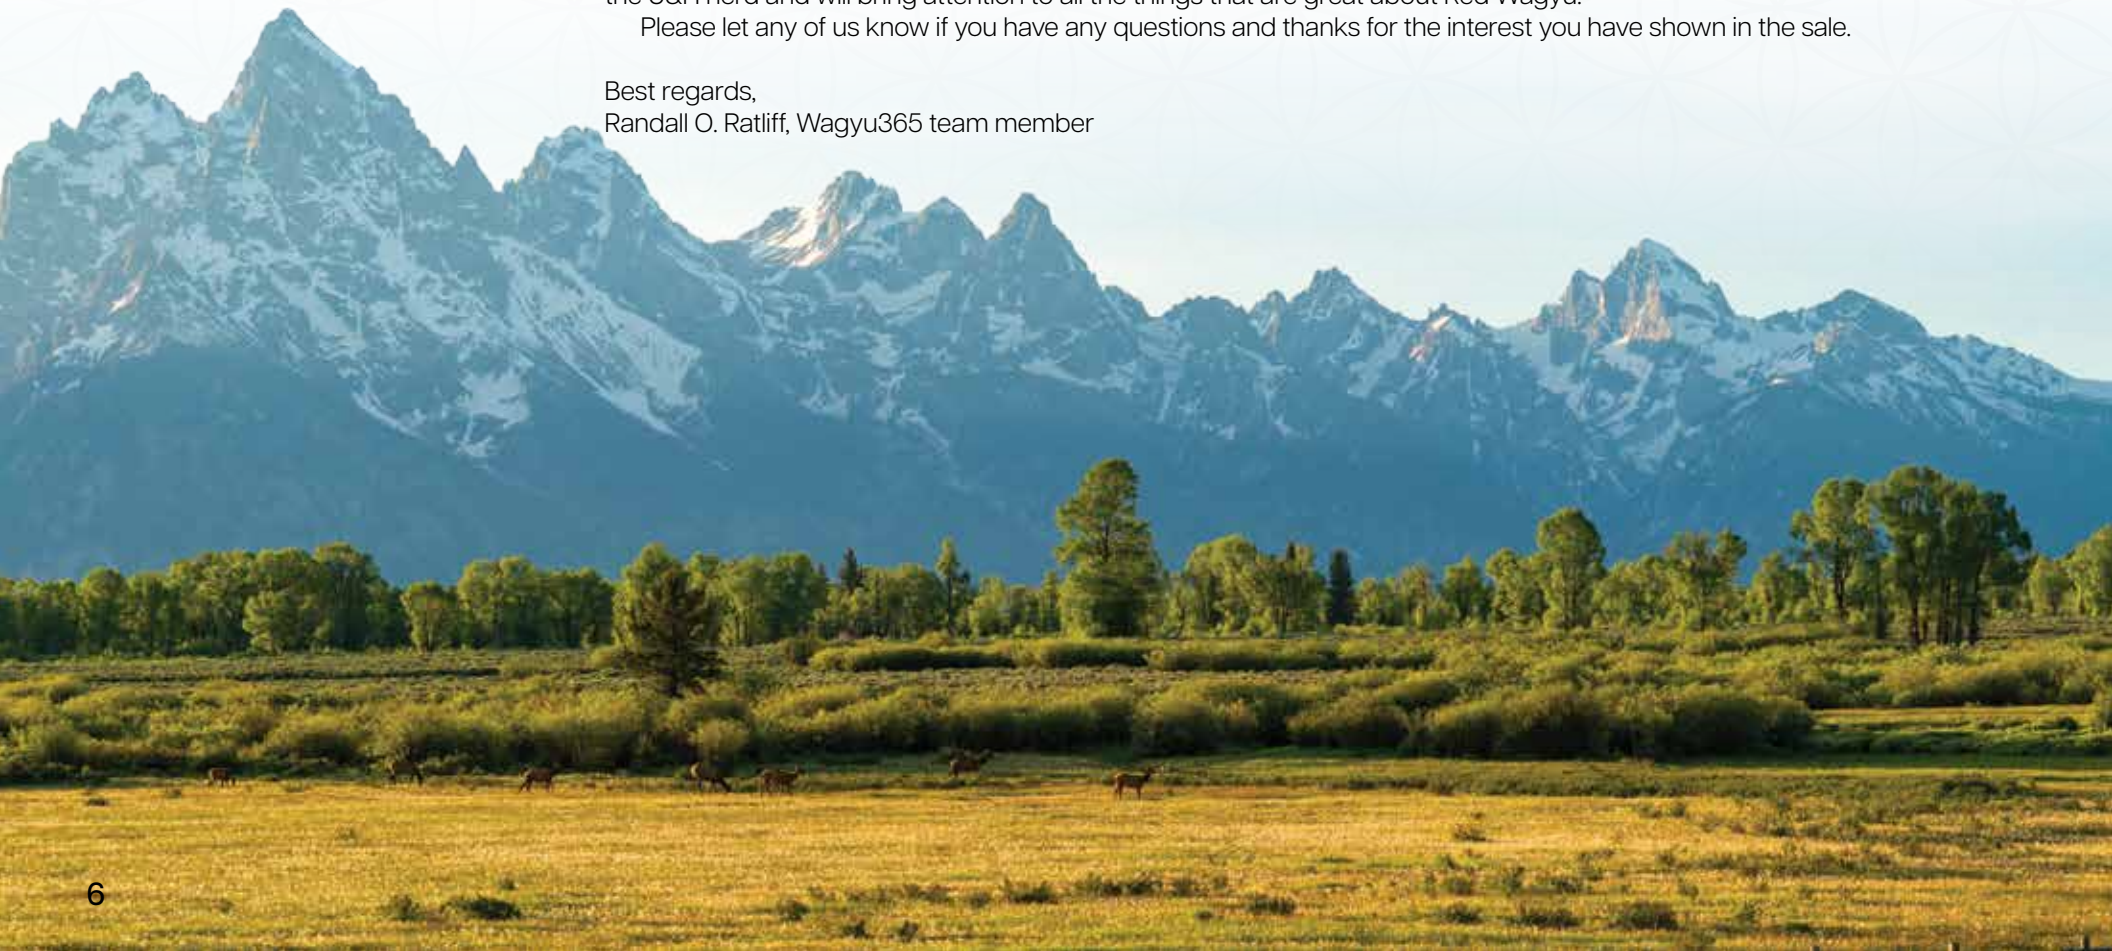

The team at Wagyu365 is pleased to be branding and marketing this unique and special event. We appreciate the level of professionalism from all the team at J&H. Ronda and Greg Jagers have been nothing but professional along with their manager Anthony Zollinger.

We know you will be very impressed with the sale offering listed in this catalog. They are hand selected from the heart of the J&H herd and will bring attention to all the things that are great about Red Wagyu.

Please let any of us know if you have any questions and thanks for the interest you have shown in the sale.

Special Sale Conclusion Feature Lot...

Here is the only Kotsukari x JC30 cow in the country! JC30 produced such breed greats as JC75, Rueshaw 2 and so on. She is one of only five daughters from the JC30 breed matron. Donor dam Kotsukari 280F presents a terrific opportunity to incorporate something different into any breeding program. She is a daughter of the hard to find Kotsukari who is an Australian sire and not easily found in U.S. pedigrees. The maternal grandsire of 280F is the desirable Umemaru and behind him is Judo. The foundation female of 280F's pedigree is JVP Kunisakae.
