Lot 21

Updated Footnote

Sired by Mayura L0010, the big-time numbered son of the highly regarded Mayura Itoshigenami JNR. Her maternal pedigree brings another powerful layer of proven genetics through a daughter of Bar R Shigeshigetani 30T. The pedigree continues back to a daughter of LMR Toshiro 1/3, adding even more depth to this impressive genetic package.

A pedigree stacked with some of the Wagyu breed's most recognized and influential carcass and marbling genetics. Mayura Itoshigenami JNR × Bar R Shigeshigetani 30T × LMR Toshiro 1/3 — a combination designed for breeders focused on carcass quality, genetic predictability and long-term value.

Lot 21 is a female with the pedigree credentials to build around.
